Daily essential supply combo boxes will be available with higher predictability.

Supply of other categories depends on availability.

Individual households can place order

Payment can be done online

Delivery date will be confirmed based on the load

BAF Guidelines:

1. The Essentials Supply Facilitation Exchange has been put together on a best-effort basis by BAF as an emergency response mechanism for the Covid-19 scenario. This is a special support program by BAF. This is not to be construed as a facility which BAF is delivering on its own.
2. BAF is bringing on board suppliers and vendors who are willing to commit certain SLAs in delivering essential commodities and services to apartments, again on a best-effort basis. These are unprecedented times, so please allow the vendors/suppliers to also tune their commitments accordingly.
3. BAF will not be responsible for any issues pertaining to order placement, management, delivery or billing. The Apartment Point-of-Contact should sort such issues directly with the vendor.
4. If there are any vendor recommendations that you might have, who can be onboarded on the Essentials Supply Facilitation Exchange, please write to us at covid19@baf.org.in
