

RELIEF RIDERS

EMERGENCY DELIVERY OF SUPPLIES USING BICYCLES FOR THE NEEDY

The **Bengaluru Relief Riders** program is an initiative of [#CycleToWork](#) ambassadors along with other interested cyclists across the city of Bengaluru under the **Bicycle Mayor of Bengaluru**

Our Relief Riders are bicyclists who have volunteered to support the elderly in their local communities. Aged people in communities throughout Bangalore or/ and their friends, relatives and well-wishers can coordinate directly with our relief riders to get essentials (groceries, milk, medicines) delivered home. In cases involving physical/ cognitive disabilities, our riders can also check up on them physically. A Relief Rider (RR) is a friend in need for the elderly in our local communities.

The bicycle has quintessentially been a symbol of freedom and happiness. At a time when human beings are prohibited from any social contact, cyclists in Bengaluru are taking to our two wheels to provide a ray of hope and happiness to those who are most vulnerable.
